- Buffalo Intellectual Property Law Journal, Articles Editor

Lafayette College, Easton, PA
Bachelor of Science, School of Engineering, May 1997
Civil Engineering

EXPERIENCE:

Patent Intelligence Group New York, NY
Managing Member, Present

- Founded and run a patent law and IP strategy firm advising companies, investors and litigation teams on complex patent matters.
- Prepare formal infringement, non-infringement and validity opinions built on claim construction, the full prosecution history and prior art analysis, giving clients defensible conclusions for launch, licensing and litigation decisions.
- Analyze complex file histories, including continuations, ex parte reexaminations and prior IPRs, to identify amendments, arguments and disclaimers that narrow claim scope and drive infringement and validity outcomes.
- Support litigation teams between demand letter and answer by leading prior art and file-record review, so trial counsel can stay focused on litigating.
- Assist technical experts in preparing invalidity and prior art declarations, organizing the record and analysis while preserving the expert's independent opinions.
- Conduct IP due diligence for investors, acquirers and litigation funders, assessing whether a target's patents actually cover its products and identifying validity and enforceability risks.
- Develop IP portfolio strategy, aligning patent and trademark filings with business goals, and prosecute utility and design patent applications through office action responses.
- Enforce clients' patents against copycat sellers on Amazon through the Amazon Patent Evaluation Express (APEX) program, and handle trademark filings and Brand Registry matters.

Meredith Attorneys, PLLC (predecessor firm Meredith & Keyhani, PLLC) New York, NY
